BLACKTOWN LEARNING COMMUNITY'S PUBLIC SPEAKING COMPETITION

Congratulations to our participants in the BLC Public Speaking Competition which was held at Bert Oldfield PS last Wednesday and Thursday. Cameron E spoke confidently in the Year 3 competition. He entertained with thoughts about whether space aliens do exist. Joshua B told everyone stories about when he is happiest playing footy or at Copacabana in the Year 4 section of the competition. Josaia D moved the audience by explaining how he was happiest doing things with his family in the Year 5 competition. In the Year 6 competition, Lillian B explained how she would eliminate poverty if she could change the world.

It is always so rewarding taking KLPS students to participate in a public speaking competition because our speakers are always so well prepared and represent us with pride. All children spoke beautifully and were a credit to their families, their school and themselves. I know that the parents and grandparents who came along to support our students enjoyed listening to such excellent speakers. We were very proud! Well done!

Mrs Eves
Public Speaking Co-ordinator

Some of these include the commando course, soccer challenge, water pistol squirting, a disco, nail and hair dressing, a photo booth and many more. There will also be a White Elephant Stall equipped with pre-loved toys and books.

There will be food stalls running on the day and the students will be able to purchase cakes, cans of drink and a sausage sizzle (a separate note for sausage sizzle orders was distributed last week).

CHAPLAIN'S CORNER

What is Mindfulness meditation?

Mindfulness meditation is one of the most effective ways of teaching ourselves to pay attention and be more mindful. It is about focusing our attention on the present moment, being aware of and acknowledging our present thoughts and actions, without judging them in any way. If our minds wander during meditation, the mindful response is to recognise what is happening and gently bring our attention back to the present moment.

Practising mindfulness during calm and positive moments means these skills will be better developed and easy to pull out during the not so good times.

Here at KLPS, with small groups of students, we can use Mindfulness with young people as a tool to give them a sense of calm, clarity and contentment. The use of modern meditation helps children to see their responses and learn to self-regulate their emotions.

I look forward to working with small groups of students to practise this wonderful strategy to focus and concentrate on the present.

Regards,
Simone Brown (aka Happy Chappy)
